Fees

Student Activity Fee

The student activity fee is a mandatory fee for Main Campus and English Language Institute students that is collected by the University to benefit student activities and recognized student organizations. Subject to oversight by the administration to ensure compliance with University policies, this money is allocated by student governing bodies recognized by the University to a large number of recognized student organizations to support their activities and services. The full-time undergraduate (registered for 12 or more credits) fee includes the \$6 per year refundable New York Public Interest Research Group (NYPIRG) fee. See the following section on the NYPIRG fee.

Questions regarding the student activity fee should be directed to the following:

Health and Wellness Fee

Per semester.....	\$454
-------------------	-------

The health and wellness fee is a mandatory fee that supports a comprehensive array of health and wellness services and programs for students provided by the Barnes Center at The Arch (Counseling, Health Promotion and Health Care). Students can receive services and programs, including individual and group counseling, case management, crisis intervention, primary care and women's health care services, offered by these departments during the semester for which the fee was paid. Other covered health-related services include University ambulance services, medical transport services and nutrition counseling.

The health and wellness fee also contributes to other health and wellness promotion programming focused on keeping students safe and healthy and enhancing their overall coping skills and social-emotional development. The health and wellness fee is a mandatory fee for full-time undergraduate students, College of Law students registered for 12 or more credits and graduate students registered for nine or more credits. Graduate students who have appointments as graduate assistants, graduate associates and graduate fellows are assessed the fee but may have part or all of the fee remitted as part of their appointment. Part-time students residing in New York state may opt to pay the health fee for the semester to obtain eligibility for these services. The health and wellness fee is not health insurance. Health insurance provides students access to medical services beyond those provided through the health and wellness fee, including hospitalization, surgery, pharmacy, laboratory services, certain clinical procedures and services provided by, or referrals to, other specialists, institutions or agencies.

Student Health Insurance.....	\$2,868
-------------------------------	---------

Syracuse University requires all full-time matriculated undergraduate, graduate and law students to have current health care coverage provided by a U.S.-based insurer that is compliant with all aspects of the Affordable Care Act. The plan must provide comprehensive coverage for emergency and nonemergency services in the Syracuse area. The student health insurance plan can be waived if the student can provide proof of qualifying insurance coverage. Health insurance plans help to offset costs of services not covered by the health and wellness fee. Insurance provides students with access to medical services beyond Barnes Center Health Care, including hospitalization, surgery, diagnostics, physician/specialist care, along with prescriptions and other special ancillary services.
